

Hello Valued Customer,

Thank you so much for choosing One Source for your cleaning needs. Below you will find a list of questions that we need you to fill out to ensure the success of our cleaning partnership & some information about your cleaning day, types of cleanings we offer & our company policies and expectations to ensure the success of our cleaning partnership. By accepting this quote and scheduling your job, you have agreed to and understand the following One Source Cleaning policies.

OSC Client Information: Please take the time to fill out the below personal information for your cleaning day, then we will confirm our cleaning date and time with you. Feel free to cut, paste, & email back.

1. **Client Name:**
2. **Billing Address:**
3. **Cleaning Address (if different than billing):**
4. **Contact for day of cleaning:**
5. **Best phone # on day of cleaning:**
6. **How do we get in?:**
7. **Approx. Sq. footage:** **# of Baths:**
8. **Animals (names & info):**
9. **Where do you keep your trash liners? (Not for move outs)**
10. **Where is your vacuum located: (Not for move outs)**
11. **Specific information needed about my cleaning:**
12. **Rooms we do not clean:**
13. **If signing up for recurring service- Best Days or Time (am or pm) for cleaning:**
14. **Frequency:**

Quick Reference for Estimating & Day of Cleaning

- ❖ Our cleaning services will be quoted based on Square Footage. Labor Fees are estimated by labor hours. If your cleaning is quoted 6-8 hours, we will send 2-3 cleaners. This means that they will be there a total of 2-4 hours in your home. This will still equal 6-8 cleaning hours as cleaning hours are priced per man hour.

- ❖ We offer many types of cleaning; deep cleaning, move out cleaning, maintenance cleaning, hourly cleaning, airbnb cleaning, small construction cleaning & small office cleaning. We are budget conscious & are happy to create a plan for your home, however each clean is different and you should know the expectations going into your clean. A deep cleaning vs. maintenance cleaning in your home will differ in time by double most likely.
- ❖ To get started, we will ask you your square footage & how many bathrooms that you have. Then we will determine the amount of grime in your home. Please note the following pictures based on a home less than 2,000sf.

Light Clean 4-6 hrs min.

Medium Clean 6-8 hrs

Heavy Clean 8-20+ hrs

shutterstock.com • 1494893450

- Maintenance cleaning: Bathrooms, Kitchen, Floors and dusting as we go. The more time you have the more dusting and rooms we can get to. Leave a list to rotate items for the cleaners as this will not be enough time to do the whole house. Title the list "If you have time, please do the following" and leave it on the counter. They will do their best to accommodate your requests in the time that we have available.
- Deep cleaning: This will be our maintenance cleaning but adding outsides of kitchen cabinets, reachable window tracks, sills & interior windows, we will dry dust all blinds only (see below blinds), all reachable wallbase, door frames and we will spot clean walls and doors(see below spot cleaning walls & doors). We will dust all shelves that are not cluttered, wet dust light fixtures and clean all glass. We do not clean random furniture unless specifically asked. We will however wipe down main furniture items such as end tables, coffee tables, kitchen/dining tables & uncluttered dressers, desks & counters. We dry dust electronics and we do not move paperwork off of desks. For bedrooms, we will make beds and vacuum if the floor is picked up and wipe down/organize what we can. We always clean the inside and out of the microwave, outside of appliances, outside & top of fridge & stove only. We don't detail random kitchen appliances unless specifically asked like blenders, coffee machines and inside toaster ovens.
- Move out cleaning: We will clean as a deep clean but will include the inside of all cabinets & drawers, closets and appliances. This is the only cleaning that full appliances are included. We will move the refrigerator to get behind (if it moves easily), but we only remove the stove drawer to clean under the stove. We do not clean garages or unfinished basements unless asked as it is not included in the square footage. Move out cleaning is a process and it takes time. We start with the wet rooms then we do the dry rooms and floors to finish as we walk out the door. We strive to make your home "like new", however an older home will only come as clean as we can get it. Blinds are quoted by dry dusting only & walls/doors are quoted by our spot cleaning policies mentioned below as well as banisters/railings. Also, if we are cleaning around furniture, boxes, or you are still on site in the process of moving or you have moving companies & carpet cleaners on site, please plan for your estimate to increase in order for the job to get completed to OSC and FC property management standards. In addition, please make sure that there is proper lighting, access to the property & the hot water is on as this will also extend the amount of time needed and you will be charged for our time to wait as we often send a large crew in order to tackle your cleaning efficiently. If you need to reschedule a move out cleaning we need a minimum of 24-48 hours.
- Capped cleaning: We all have a different version of clean. If you decide that you only want to pay for a certain amount of time for a cleaning because you think that it shouldn't take longer than the estimate, then it becomes a capped cleaning. Also, if you only want 4 hours of deep cleaning in a home that is 2000 sf for an example, you will create a list and we will go in that order as we have time. What we do, we will do well and only fix those items if called back. Please note, if you leave a list to complete, we have to finish the items that we started and end with the floors or you will not be happy. Please note that if you strive to cap at 4 hours, you still may be billed up to an additional hour as we can not just stop what we are doing in the middle of a project. Your cap at 4 hours could become 5 and you are still required to pay for your cleaning at 4-5 hours. This does not mean that the cleaners are incompetent, it simply means that we did not have enough time to complete the full job at your timely expectations. No discounts will be offered for capped cleanings. We will only come back to fix what was on the list that we touched if you call within 24 hours of your service.
- Construction cleaning: Construction cleaning is a difficult cleaning especially if you do construction on top of an already uncleaned home. This clean requires more time. If you have construction workers on site while we are cleaning or people show up after, we will not return without payment to re-do the floors or a bathroom as an example. Although on occasion, we may need to come back especially as construction dust is still settling or if there are still contractors, painters, movers or carpet cleaners on site. If we need to come back for any of these reasons, there will be an hourly charge. In addition, please make sure that there is proper lighting, access to the property & the hot water is on as this will

also extend the amount of time needed. We recommend that you replace furnace filters before we clean.

- **Airbnb Cleaning:** The theory behind airbnb cleaning is that it is cleaned 1-2 times weekly, however we do not do any deep cleaning as this is our shortest cleaning. The time is spent in making beds, straightening linen closets, staging your home, doing laundry, dishes, bathrooms, kitchens and floors. We do not have time scheduled for deep cleaning as you are required to schedule a deep clean for your airbnb quarterly. We will have a meeting on site to get started and provide together an information sheet for your cleaning. We are airbnb cleaners, not property managers and you will need to stop by to check your airbnb from time to time. We will do our best to let you know when inventory is low, laundry is stained, lightbulbs are out or items are broken, however this is ultimately the job of your Airbnb manager/owner. We only have time for 2 loads of laundry in an efficient machine, unless otherwise mentioned, we will take excessive laundry and process it at our office for a charge. Our job is to solve problems and to be sure your airbnb is client ready. If you have a long term renter, please plan on your cleaning hours to go up for that cleaning and mention it to us so that we can be prepared time wise.
- **Small office cleaning** consists of the time it takes to empty trash, disinfect, wipe down all surfaces, clean your bathrooms, offices, break rooms and floors. We will not move paperwork around to clean desks or clean behind closed office doors.
- **Yard Clean up:** Leaves, Branches & Snow Removal. Quoted hourly.

- ❖ **Quarterly Deep Cleaning:** All properties need deep cleanings on a quarterly basis unless we are hired to do the full cleaning on a biweekly basis and have the required amount of time. Every 3 months we send out a reminder. You could on occasion always add an hour to your Maintenance cleaning so that we can do a deep cleaning rotating list. So as an example, if you have a 1800 sf house, we may estimate 3 hours for your bathrooms, kitchen & floors while dusting/organizing as we go. However, you may not be happy when you notice excessive dust on wall base or window tracks, blinds, etc. There is simply not enough time in these budget cleans.
- ❖ **Appliances:** For all scheduled cleanings we will clean stove top, inside/outside microwave, wipe down outside of kitchen appliances & outside of refrigerator. Inside appliances are only included in Move outs. You may ask for appliances to be cleaned inside however in a deep cleaning the price will go up to include that. Also with appliances, we pull out fridges if they move easily and only pull the oven drawer out to clean under it. We do not move dishwashers, washers or dryers.
- ❖ **Blinds:** We will dry dust blinds unless you ask us to clean with a wet cloth slat by slat. In a move out wet dusting blinds is not included as in most rentals, it would cost less to replace them. We will call with that option however the price will go up.
- ❖ **Garages and unfinished basements:** They are not included in the estimate and are considered an add on. If you do not ask, we will not do them.
- ❖ **Banisters:** These take time to detail as there are many tight spaces that fill with dirt. This time is not quoted as it is unforeseen and additional time may be needed.
- ❖ **Vacuuming:** If you have small nails, coins that we can not see in the carpet or large amounts of animal hair or excrement that could damage our vacuums, we will not continue to vacuum unless you provide one for us.
- ❖ **Move furniture:** We do not move furniture, we only lift up to 25-30 lbs depending on the cleaner. We do have a handy man who you can hire to move furniture so the cleaners can get behind if needed.
- ❖ **High Ceilings:** We carry a 2 step ladder and extender duster. We may not be able to reach some fixtures or cobweb high areas or shelves. We do have a handy man who you can hire to do some of the more difficult tasks if needed.
- ❖ **Team Cleaning:** We will always have a team lead and crew member. The team lead will be your contact for all communications. If the team lead determines that the job which was described as a light/medium clean is actually a heavy clean, we will take pictures and give you a call. You will then have the option to have us complete entirely or move to a list cleaning. You do not get to determine how long it will take us to clean your home. We will give you a quote, based on experience and finish within that time unless we call to discuss it with you. This only happens about 25% of the time, but it happens.

- ❖ **Extras/Maid Service:** This consists of folding clothes, doing dishes, straightening the pantry, changing sheets on your bed, organizing kids rooms, watering plants or any other soft labor tasks you may have. We are happy to do these things, but they are not included in the estimate. We are happy to add an extra hour any time, but it must be approved by the office.
- ❖ **Windows:** We do interior windows only that we can reach. You will need to hire a professional window company to clean high windows and outside windows.
- ❖ **Spot cleaning walls and doors:** We spot clean walls and doors by standing 5-6 feet away and cleaning obvious spots. If the wall changes color, we will stop as to not make it worse as painting is most likely your only option. This would indicate a heavy clean and the cost would go up by 4-8 hours depending on the size of the home, if you would like us to wipe down your walls completely please let us know as soon as possible.
- ❖ **Clutter on Floors & Furniture:** We will do our best to organize clutter in order to do our contracted job, please know that your cleaning will take extra time if we need to straighten a room before we clean. An example would be putting toys away in the living room before we can do the floors or excessive dishes on countertops.

One Source Cleaning Policies

Communication:

We send out a client information form. Please use the Specific Information section in the above client questionnaire to let us know what is of extreme importance to you each time we clean your home. Some examples are: do not let the cat outside, main priority floors, or always empty shredder.

Once scheduled, You should get an email prior to your cleaning, if you do not please feel free to text the office at any time, day or night. Texting is the fastest way to reach the office. Office: 970-818-3313. Please expect confirmation within 24 hours. After we select your cleaning day and time, our software program will send a confirmation of the date & time scheduled. We will also send a reminder 1 days before your scheduled cleaning. Please be sure to call us if you need to reschedule. The best number to text for rescheduling is 970-818-3313 or 970-800-1898.

Please leave notes for cleaners visible on the kitchen counter. By leaving a welcome note or instructions it shows your cleaners that you were expecting them and also keeps communication open. If you'd like to leave a payment with the cleaners, please make checks out to One Source Cleaning. All 1 time cleanings must have a card on file before the cleaning begins. If we are unable to make contact for a credit card, your cleaning will be rescheduled until we hear from you.

We will leave a "Today's Cleaning" note on your counter after our clean. Please use the bottom half of this note to let us know what to do on the next cleaning visit, or tell us what we are doing right or wrong. Without proper communication we cannot do our best work. Some examples are: skip the sunroom today, if you have time please clean the basement bathroom, please make master bed- sheets out, or I really like how Linda cleaned the shower last time.

Prepare for your cleaning day:

- ❖ In order to get the most out of your cleaning service we advise that you pre-clean. An example would be picking up small items on carpet, organizing toys and doing dishes before we arrive.
- ❖ If you do not want us to enter a room, please close that door for the day. We will not clean behind a closed door unless specifically requested in a note or verbally.

Arrival Time/Hours

Our hours of operation are from 9am to 5:30 p.m. Our specialists arrive at our first house between 9 and 9:30, and the last house by 3:30 p.m. Unless you are our first client of the day, we are unable to guarantee an exact arrival time. However, we can provide you with a 1.5 hour window of our estimated arrival time if

you call the office the day before your cleaning. We will strive to meet your requested arrival time but we cannot guarantee it.

If you want to wait for us to arrive, please be home during the estimated window of time to let the cleaner(s) into your home. If no one is home or we are turned away for any reason a cancellation fee will be charged (see Cancellation Policy).

Supplies

We bring our own environmentally friendly supplies and tools because (1) we have tested our products to make sure they provide quality results, (2) our employees are trained in their proper use and (3) to free you from having to keep track of what we need before your scheduled cleaning day. If you would like us to use your cleaning products we ask that you call the office for pre-approval. Due to OSHA regulations we are required to have MSDS Sheets for all chemicals that our cleaning specialists use. We would also ask you to set those products out on the counter with instructions for use.

Vacuums

Our specialists do carry vacuums specifically for move outs, office and Airbnb cleaning. We prefer to use our clients vacuums during our residential cleanings to reduce dander & dirt being transferred from home to home. If you are a residential customer and prefer for us to bring a vacuum, please let the office know. If you have a special vacuum, please leave instructions for its use.

Please note If your carpet has nails from construction that we can not see, excessive pet hair, coins or tiny toys we will be unable to vacuum with our vacuums or even yours to avoid damage.

Ladders

Our Cleaning Specialists come with a 2 step ladder. We are unable to use client ladders or climb higher than two steps. Higher items such as ceiling fans, light fixtures, decorative shelves etc. will be dusted with an extension duster to the best of our ability. We do have a handy man to get to those hard to reach areas, please call the office if you would like us to provide this service.

Blinds

We do offer slat by slat blind cleaning. Blinds must be at least 2" or damage may occur. Blinds may need to be vacuumed before they are wiped; this will require additional time. We cannot be held liable for blinds/shutters that have dry rot, sun damage and/or are not installed properly. We will dry dust mini-blinds to the best of our ability, however these blinds are more fragile and will not fall under any warranties. You might want to consider replacing very dirty blinds as it may be more cost effective.

Moving Furniture

We will move "light" furniture but we do not move refrigerators, stoves, washers, dryers or anything over 25 lbs as part of our maintenance cleaning. We will try to reach all visible places either by hand or with an extension duster. For move out or deep cleaning we will pull out refrigerators only if they move easily. If they do not have appropriate bottoms such as rollers or legs by the appropriate manufacturer, we can not be liable for damage created by moving these. If we decide that they can not be moved by our team, we will let you know so that you can pull out the appliances for us. We do not move washing machines, dishwashers, stoves or dryers under any circumstances.

Pets

Your pets are members of your family and we respect that. However, if your pet is afraid of vacuums, territorial or overly friendly and will not allow us to do our work, we may suggest that they be placed in areas where we are not working. Our specialists are not trained to clean pet excrement: this includes cleaning of litter boxes, dog kennels, or vacuuming floors with excessive urine, animal hair or feces. We are not responsible for letting pets outside, keeping animals inside or letting them in/out of kennels. We will do our best to accommodate, however please do not put this responsibility onto your cleaners. We love furry companions but need to get our jobs accomplished in a certain time.

Fire Arms

For our protection and yours, if you have firearms we ask that they all be stored and locked away prior to our cleaning. We will not clean any rooms in which a firearm is visibly present. Please do not leave firearms under pillows or mattresses as they pose a danger when we are changing linens on beds.

Insects/Rodent infestation:

Insect infestation can be a problem and may prevent us from cleaning your home. If an infestation of ants, termites, bees, roaches, fleas, bed bugs, etc. is encountered, we will not clean until the problem has been rectified. We will leave you a note or call you regarding the problem. We can do what we can do on a limited basis. Serious infestations will require permitted professionals.

Alarm System

If your home has a security system, please inform us how you want to handle it. The security and safety of your home is a major concern at One Source Cleaning, and our staff is sensitive to security and access procedures. Our policy is to lock the door while we are cleaning and to not allow access to unknown persons. Please do not rely on us to let in workers during the time we are in your home unless pre-approved by the office. Please note that it is not necessary for you to have to disarm your alarm systems the day of our cleaning. If you contact your alarm company they can assist you in programming a code that is unique to our company. It is common for clients with alarms to give us our own code. Our specialists are trained on how to disarm and rearm alarms however we must have someone to contact on the day of cleaning if we have any issues.

Safety

The safety of our employees is extremely important. To decrease the risk of injury to employees we are unable to move heavy objects, flip mattresses, etc. We are unable to clean up vomit, blood, urine or excrement. If an employee feels that their personal safety is in danger we reserve the right to cancel the cleaning. You will be informed of this situation promptly. The client is still responsible for the time spent cleaning your home up to the point we leave.

Key Control Policy

Some of our clients provide us with keys to their home. We prefer a lock box code with a unique code or a hidden key onsite. Rest assured we take the utmost care in protecting both your key and your home. Keys are number coded and have no names or street addresses attached to them, so that if by chance a key is lost or misplaced there will not be a way for anyone outside of the management team to know to whom the key belongs.

If you decide not to issue a key to One Source Cleaning, and no one will be home during the cleaning, you may choose to leave a door unlocked or place a spare key in a secure place for the specialist to gain access to your home. In this case, you release One Source Cleaning of any liability that may arise from damages or theft to your home as we cannot guarantee that we are the only ones who will have access to your home that day.

Injuries in Your Home

Our staff members are full time employees and not independent contractors. All employees are covered by our Workers' Compensation Insurance. This covers the employee's injuries and protects you.

Distractions

It is important for us to have access to every area of your home that we will be cleaning. In doing so, we need to work freely and without distractions. Excessive talking (beyond cleaning instructions) prevents us from being 100% focused. Every effort is made to work safely and cautiously and we cannot assume liability for injury to others. We kindly ask that you, your children and pets remain out of the rooms that we are

cleaning in order to prevent safety hazards (contact with cleaning products, tripping over buckets, caddies, vacuum cords, etc.).

Payment

A form of payment must be on file at the office or if you are an existing recurring client you can choose to leave a check/cash (recurring clients only) for the cleaners to take. Payment is always due on the day of service. By approving this estimate you are agreeing to hire OSC for your cleaning needs on the date specified. We will charge your credit card the day of service for the agreed upon price estimate.

In the unfortunate event that we are unable to collect on past due payments, accounts will be forwarded to our collection agency.

Day of Cleaning:Service Guaranteed

At One Source Cleaning, we guarantee our service. If we have forgotten to clean something or did not clean it to your satisfaction, please let the office know within 24 hours. We reserve the right to make things right and to and inspect the job ourselves. If you do not call the office within 24 hours of your cleaning, we will not be able to come back at no charge or will not offer a discount. Please remember that the cleaners are human and cleaning is hard work, mistakes can happen. Please know this is not personal, this is business and we will do what it takes to make things right, however we will not discount the cleaning without the chance for a manager to do a proper inspection of your home.

Please know we will always do the right thing for our clients as we specialize in customer service. We aim for a successful cleaning partnership and want you to feel positive about your service.

Day of Cleaning Policies (Move Outs & Deep Cleans):

If we need more time than the quoted price, we will take pictures and let you know why (See light, medium & heavy pictures above). Excessive dust on light fixtures & wallbase, misquoted square footage, food left in the fridge, items in cupboards or closets, add on of unfinished basement & garage, excessive trash that needs hauled out, excessive grime in bathrooms, kitchens & appliances all may indicate a heavier clean than estimated. At that time, you will let us know if you would like the complete service and increased cost or if you would like to leave a list for us to do and for you to finish the cleaning yourself. If you leave a list, this will be considered a capped cleaning (see capped cleaning above). We will clean the list and will only come back if something on the list was missed. Cleaning is a process, if you cap the cleaning in the middle of our cleaning, we may still need an extra hour to finish our tasks.

For 1 time cleanings, you will be asked to walk the job before we leave for approval. When the cleaners leave the site, your card will be charged if within the approved estimate. If you are not available, your card will still be charged if within the quoted price and if a problem exists we will come back within 24 hours to fix any work.

Fees

Our cleaning services will be quoted based on Square Footage. Labor Fees are estimated by labor hours. If your cleaning is quoted 6-8 hours, we will send 2-3 cleaners. This means that they will be there a total of 2-4 hours in your home. This will still equal 6-8 cleaning hours as cleaning is priced per man hour.

We reserve the right to adjust our rates and policies at any time.

Tips are always appreciated but not required. Feel free to add a tip to your payment or leave cash in a marked envelope. Our cleaners will not assume cash on the counter without a note is "tip" money, so please be sure that they know your intention.

Scheduling

When we schedule your appointment we reserve a day and time specifically for you. Cancellations cost us and our cleaning specialists time and money as we pay for our cleaners drive time. Accordingly, we have implemented the following policies:

Cancellation Fee

We require cancellations to be communicated to us 24 hrs (1 full working day) in advance to avoid charges. We have held your spot and turned down business so as not to interrupt your service. Cancellations communicated less than 24 hrs (1 full working day) prior to appointment will be charged \$35.00

Lock Out/Turned Away Fee

If we arrive on our scheduled cleaning day and are turned away at the door or cannot get in, we will charge a fee of \$55.

Returned Check Fee:

Returned Checks will result in a \$25 fee.

Scheduling Flexibility

Our policy will allow you to cancel your service with a 24 hour advance notice, skip a cleaning or reschedule without any fees. We know that "life happens" and we are happy to accommodate your busy life.

Notify the Office

All cancellations must be made by phoning or texting the office at 970-818-3313. All scheduled changes and billing inquiries must be made through the office, cleaners are not trained to handle these issues. Cleaners are not allowed to contact you directly, this is in direct conflict with the non compete that they sign upon hiring. If you love a cleaner, send the office a note and we will do our best to accommodate that professional relationship. Cleaners are not allowed to clean for you outside the office. If you would like a cleaner to perform a task that we do not offer, like housesitting or watching your animals, it must be in writing and approved by our office, although we do not recommend this. One source cleaning is not responsible for any damage or liabilities resulting in hiring a cleaner outside our company.

Staffing on your Cleaning Day

If your regular cleaner mentions to you that they will be out of town during your next cleaning, you are welcome to reschedule through the office. If a cleaner is out of town or quits without proper notice, we will send another team leader to your home at your regular cleaning time. When this happens, you are welcome to take 15 minutes to show them around if you feel necessary, this time will not be charged to you. You will still get your full contracted cleaning time after you have shown them around. This time will be limited to 15 minutes paid to the cleaner by the OSC office.

OSC aims to hire people of integrity. They will receive the same training and we will keep current updated notes of your home and special requests so that any cleaner can offer you the same exceptional work. Let us know at the office if you prefer a specific cleaner and we will do our best to accommodate.

Solicitation of Staff

By using our services, you agree not to solicit for hire any staff member introduced to you by One Source Cleaning for any home-related service. If you are found to have solicited one of our staff, please be advised that our referral fee is \$3,500.

Damages

Accidents do happen. If we are responsible for damages to your home or items in your home, we will leave a note for you the day of the cleaning. We make every attempt to repair, replace or pay for any items that we have damaged.

We will not assume liability for pre-existing damages, scratches, dings in windows, paint, furniture, floors, walls, etc. or items not secured in a proper manner (e.g. heavy pictures hanging from thumb tacks, not anchored properly to walls) or full value for items in disrepair. Items of monetary or sentimental value should be put away on the day of cleaning and/or cleaned by the homeowner.

All surfaces (e.g. marble, granite, hardwood floors, etc.) are assumed to be sealed and ready to be cleaned without causing harm/damage when common cleaners are used.

Release of Liability

Should you decide you would like us to clean items of monetary or sentimental value (>\$100) e.g., items within curio cabinets, etc., the following will apply: client hereby releases One Source Cleaning from all liability arising from cleaning these items, client understands that he/she is completely responsible for repairing or replacing any damaged item(s) even if One Source Cleaning may have caused the need for repair or replacement.

Wear and Tear

The longer we live in our homes, the more wear and tear builds up in it. Baseboards, bottom of showers and tubs, mold/mildew, excessive water spots and soap scum on glass shower doors, worn flooring, grout, window tracks, etc. are all areas where wear and tear will impact results. These areas may take more than one cleaning to improve in appearance or may not come clean at all.

Holidays and Closings

Our office is closed and there will be no cleanings scheduled on the following holidays:

New Year's Day Memorial Day Independence Day Labor Day
Thanksgiving Day Christmas Day

Snow Days

We may need to cancel cleaning on days when the snow fall exceeds 5" in one night as many cleaners use their own cars.

Thank you and we appreciate your business!

Sincerely,

Jill Barends- Owner
